Leo, the first half of June shows a high energy rate for you, with some slowdown in the second half. It's a perfect opportunity to give yourself a little "me time" to keep your inner self purring. **Daisy**, the CEO of **Lipzu Lip Balm** is an example extraordinaire of Leo's creative and enthusiastic nature. She's created these adorable looking lip balms in flavors such as peachy, minty, zesty, rosie and lemonpaw. Additionally, the lionhearted lip balm lover is giving a portion of sales to the Humane Society to help homeless animals. Daisy, the 11 year old CEO of Lipzu...yes,11.... is certainly destined to be a future queen of the beauty jungle!
